

MATTOLE FIELD INSTITUTE PRESENTS

IDENTIFYING AND USING LOCAL MEDICINAL PLANTS OF THE KING RANGE NATIONAL CONSERVATION AREA

APRIL 13TH, 2019

10 AM - 2 PM

Come get acquainted with medicinal plants living in and around the King Range!

This class will be great for beginners interested in using local plants for medicine. It will also provide in-depth information for experienced medicine-makers, so come and bring your questions about specific plants or ailments, and enjoy some focused time outside with our local herbalista, Nicole Gagliano.

BRING: LUNCH, WATER, JACKET, NOTEBOOK AND PEN.

SPACE IS LIMITED, SO **PLEASE CONTACT FLORA@MATTOLE.ORG** IF YOU PLAN TO ATTEND.
